Legenda / Legend

○ - **Pattern senza direzione prevalente** / Pattern without a preferred direction

↑ - **Pattern con direzione prevalente** / Pattern with a preferred direction

Nota / Note

I pattern con una direzione prevalente si intendono sempre paralleli al lato più lungo della lastra (3210 mm / 126"). Per alcuni pattern è disponibile anche la direzione parallela al lato più corto (h), che può avere altezze differenti.

Patterns with a predominant direction are always parallel to the longest sheet side (3210 mm / 126"). Some patterns are also parallel to the shortest side (h), that could be different in height.

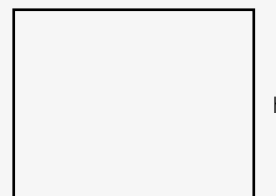

Pattern per cui è disponibile decoro parallelo ad "h"

Decorations available with predominant direction parallel to "h":

h 2250 mm (88") → **Cannes, Cannes Double, Nantahala 1 Tono, Nantahala 2 Toni, Nuvem**

h 2550 mm (100") → **Fuzzy, Fuzzy Double**

h 2250/2550 mm (88"/100") → **Linea, Linea Double**

3210 mm (126")
